## EDUCATION

### Sikkim Manipal Institute of Technology — B.Tech

AUG 2016 - JULY 2021

Bachelor of Technology in Computer Science and Engineering Department.

### Salt Brook Academy — Class XII

JUNE 2014 - APRIL 2015

Percentage: 79.4%

### Delhi Public School — Class X

MARCH 2014

CGPA: 9.4

## PROJECTS

### Decentralised Voting System

*Environment: Solidity, Ethereum Smart Contracts, Web3JS, Truffle Suit, HTML, CSS and jQuery.*

Final Year Major Project on Blockchain Based E-Voting System using Ethereum Smart Contracts, which simulates a voting process in an election.

### Doctor Appointment System

*Environment: Flutter, Firebase and Android Studio.*

Mini Project based on Google's Flutter and Dart Programming Language, where I designed an Android application simulating an appointment portal for clinics and doctors.

### Car Rental System

*Environment: Flutter, Firebase and Android Studio.*

A web application allowing users to join and rent cars in and around their location, as well as view cars in a real-time Google Map.
